“DON'T LOSE YOUR MONEY” Six-Pack Webinar Series

Kimbrough Law attorneys explain asset protection fundamentals everyone needs to know.

Presentation #1: Isn't Insurance Enough?

Even if you have auto, homeowners, and umbrella liability coverage, you may still be at risk. This presentation explains what insurance products and—and can't—do to protect your assets.

Presentation #2: Will the Government Get My Money?

If you or someone you love needs to qualify for Medicaid or VA benefits to pay for long-term care, it could lead to financial ruin. Learn how early planning makes all the difference—and how to get started.

Presentation #3: Straight Talk about Liability

Anyone can be sued. A car accident, foreclosure, unpaid medical bills, or an injured tenant can result in a judgement that could decimate your finances. Learn how to hope for the best and plan for the worst.

Presentation #4: Protect Your Property

If you own real estate such as the family home, vacation house, vacant land, or rental property, you have a unique set of asset protection issues. This presentation explains how to protect your property.

Presentation #5: Asset Transfer Today = Tax Bill Tomorrow

Seniors transferring assets to their children without getting good tax advice can create big problems. Learn how to make the right moves now so your kids won't hate you after you're gone.

Presentation #6: Time for an Intervention: Family Dysfunction and Asset Protection

Don't learn the hard way how divorce, addiction, warring factions, and immaturity are just a few of the forms of dysfunction that can decimate your nest egg unless you prepare now. Learn what to do.
